1953: February 1 for March 16, 2016

Emily Pauls '18 has written to thank us for her Class of 1953 Memorial Scholarship. She is majoring in Molecular Biology and aspires to a career in medicine. Both of her parents were born in the Middle East and immigrated to Michigan: her father and his parents from Baghdad, and her mother and her parents from Tehran. Emily is the first family member to attend a university. I encourage you to visit our site to read her letter.

What do **Carl Shaifer**, **Dave Brown**, **Ed Matthews**, **Herschel Phelps**, **Caleb Gates**, **Bill Plauth** and **John Corry** have in common? All of them shared a beverage, a meal, accommodations, or all of the above with Willo Carey and **Peter Benoliel** in the year just past. Willo and Peter are among our most peripatetic classmates. Much of their travel involves musical opportunities where Peter can exercise his violin in the company of distinguished pros and other amateurs. Shaifer and Brown are Philadelphia-area neighbors of the Benoliels. Dave dined with Peter and Willo and Ed Matthews after a *Princeton Festival* performance. Dave has been Chairman of the Festival. From their beloved cabin in Wilson, Wyoming, Peter and Willo motored to the Gates' fishing cabin on the South Platte, to Herschel's home in Greeley, and to the Plauths' home in Santa Fe. John Corry lives in Bronxville and joined Peter for dinner after a performance of Tannhauser at the New York Met. Our photo is from the William Penn Charter School which honored Peter last year.

I'm sorry to advise that Robert L. Logan Jr. of Pittsburgh died last Oct. 1.
